Q) What is the status of the Imāmat in ٱ alāh al-Tarāwī of a person who shaves or trims his beard?

A) The Imāmat of such a person is classified as Makrūh al-Taʿrīmī (close to ٱ arām). If the committee of the Musjid forcefully appoints such an Imām and there is no possibility of removing him, then ٱ alāh should be read behind a pious Imām in another Musjid. If this is also not possible then ٱ alāh in congregation should not be abandoned but rather that very Imām should be followed. The onus of the sin and punishment will then be on the members of the committee.
